If the Permit Holder or Alarm Location address has changed, it will be necessary to complete a new Alarm System Permit Application to apply for a new site permit. The Alarm System Permit Application can be found on the website listed above. This form and a payment of $35.00 must accompany the new Alarm System Permit Application, and mailed to the address listed above. The renewal/new application may be denied for false statements and/or non-payment of fees owed to Harris County. The permit may be revoked for disciplinary reasons (excessive false alarms) or non-payment of fees owed to Harris County. Permits shall be valid for a twelve month term from the date of issuance as stated on the permit, and shall expire on the last day of the twelfth month. The beginning of each renewal permit shall be on the first day of the month following expiration. Permits must be posted at alarm site and are not transferable by ownership or location. Any violation of the alarm ordinance may result in criminal charges and/or the assessment of additional fines and fees. For further details on the alarm ordinance, please refer to page two of the Alarm System Permit Application.

DUE UPON RECEIPT

Revised Rules Governing the Regulation of Alarm Systems Within Harris County, Texas, approved by Harris County Commissioners Court on January 8, 2002, mandates that all sites in the unincorporated portions of Harris County must obtain a permit from Harris County prior to operating an alarm. The ordinance further stipulates that each permit must be renewed annually. Harris County records indicate that the address listed below has an active permitted alarm system, and that this permit will expire next month. To continue lawfully operating your alarm system, you must renew your permit with Harris County **BEFORE** it expires.
